

ASX Announcement
9 March 2018

Appendix 3B

Gulf Manganese Corporation Limited (ASX: GMC) ("Gulf" or "the Company") advises that during the month of December 2017, the Company entered into a Controlled Placement Agreement (CPA) with Acuity Capital. The CPA provides the Company with up to \$5 million of standby equity capital until 31 December 2019.

Gulf retains full control of all aspects of the placement process: having sole discretion as to whether or not to utilise the CPA, the quantum of issued shares, the minimum issue price of shares and the timing of each placement tranche (if any). There are no requirements on Gulf to utilise the CPA and Gulf may terminate the CPA at any time, without cost or penalty.

Acuity Capital and the CPA do not place any restrictions at any time on Gulf raising capital through other methods. If Gulf does decide to utilise the CPA, Gulf is able to set a floor price (at its sole discretion) and the final issue price will be calculated as the greater of that floor price set by Gulf and a 10% discount to a Value Weighted Average Price (VWAP) over a period of Gulf's choosing (again at the sole discretion of Gulf).

As advised in the recent Quarterly Report, as collateral for the CPA, Gulf had agreed to place 125m shares from its LR7.1 capacity, at nil consideration to Acuity Capital (Collateral Shares). It has subsequently been agreed between Acuity Capital and Gulf to reduce the number of Collateral Shares to be issued from 125m shares to 100m shares.

Gulf may, at any time, cancel the CPA and buy back the Collateral Shares for no consideration (subject to shareholder approval).
